**Invitation to FUN Singing Workshops
(September 11-15)
with
Poco Tutti Choir**

Headlining the **Desert Song Festival 2017**, will be **Poco Tutti Choir**, a group of performing artists with disability from Adelaide. **Poco Tutti** members are the most experienced singers from the larger Tutti Ensemble that has performed at high profile events nationally and internationally since 2002.

The theme of the **Desert Song Festival** will be
'Celebrating diversity – Holding hands together'.

The appearance of **The Sisters of Invention**, internationally acclaimed as the world's first disabled girl band will reinforce the Festival theme.

As part of the festival, a schools and community program will be delivered by **Poco Tutti**, designed to educate, inform and to challenge people's perceptions of the artistic and performance capabilities of people with disability.

Incite Arts welcomes **you** to be part of the community workshop program, made possible in collaboration with the **Desert Song Festival**.

The **FREE** workshop program (**Monday 11- Friday 15 September**) offers the opportunity to work with members of **Poco Tutti** <http://www.desertsong.com.au/poco-tutti/> and **The Sisters of Invention**. <http://www.desertsong.com.au/the-sisters-of-invention/>

Please consider how you might like to engage in the program and Incite's Virginia will be in touch soon to negotiate and co-ordinate a tailored workshop to include your participants.

We invite everyone interested in sharing their voice to join us as we showcase the power of integrated arts and the capacities of people with a disability.

Together let's sing up a storm!

More details about The Sisters of Invention: Sombre and Sweet, The Sisters debut album is extraordinary inclusive art. <https://www.youtube.com/watch?v=fu800VYgyis>
