

Have Your Say

Northern Territory Disability Strategy

The Northern Territory Government has a vision where Territorians of all abilities are able to live life to their fullest potential and have quality services no matter where they live.

The Northern Territory Disability Strategy, to be released in 2022, will be a whole-of-government plan to achieve this vision.

The Strategy will show what people living with disability in the Territory want and how we can make this happen.

Territory Families, Housing and Communities has launched a public consultation, inviting comments and ideas on the development of the Northern Territory Disability Strategy and the first three-year Action Plan.

The lived experience of people with disability is important and valued and the Strategy will reflect the voice and priorities of people with disability in the Territory.

To have your say, visit haveyoursay.nt.gov.au/nt-disability-strategy or participate in a workshop below.

The full schedule of workshops in November for Alice Springs and Tennant Creek will be available within the next week or so.

For individuals wanting assistance to make a submission please contact DAS (08) 8953 1422 or email ceo@das.org.au and we will arrange a time with our advocates to help you.

Submissions close 22 November 2021.

For more information, contact the Office of Disability at OfficeofDisability.TFHC@nt.gov.au or (08) 8999 2445.
