

Have Your Say!

Northern Territory Disability Strategy

The Northern Territory (NT) Government has a vision where Territorians of all abilities are able to live life to their fullest potential and have quality services no matter where they live.

The Northern Territory Disability Strategy, to be established in 2022, will be a whole-of-government plan to achieve this vision. The Strategy will show what people living with disability in the Territory want and how we can make this happen.

Disability Advocacy Services (Alice Springs) along with First peoples Disability Network are holding a public consultation in your community, inviting comments and ideas on the development of the Northern Territory Disability Strategy and first three year Action Plan.

Amoonguna Community Consultation Day

Held on the 12th of November

From 10am - 12pm

Tea, Coffee and morning tea provided

The lived experience of people with disability is important and valued and the NT Strategy will reflect the voice and priorities of people with disability in the NT.

Alternatively you can visit: haveyoursay.nt.gov.au/nt-disability-strategy

Submissions close 22 November 2021.

For more information, visit tfhc.nt.gov.au/nt-disability-strategy or contact the Office of Disability at OfficeofDisability.TFHC@nt.gov.au or (08) 8999 2445.
